12. Subcontractors (Other)	<input checked="" type="checkbox"/>				

13 Other Comments (Please feel free to make any comments or suggestions which may improve the quality of services we provide to you.)

The only thing that I found that was not up to quality was the welding Rods scattered throughout the area.

14. If you were president of our company, how would you go about holding on to good customers like yourself?

Retain your Paint subcontractors that worked on our tank they were awesome. Foundation contractor was great and Tank contractor was Great.
